

Delicious Deal

Local food helping to make
Deal a Greener Town

Unleashing our 'local food' group

Following our 'Transition Town' workshop in September we are launching our 'Local Food' Group - '**Delicious Deal**'.

The purpose of the day is get everyone passionate about eating local food or growing their-own, involved in a number of projects; which will give us new skills, new opportunities to grow & cook our own food and to gain a better understanding of where Deal's food comes from.

In doing so we hope to reduce Deal's Carbon Footprint & enjoy some local delicious food. Suggested projects are:

- Deal Garden Share Scheme
- Deal Guerrilla Gardening
- Research into Allotment provision locally
- Survey of where we buy our food
- Local Food mapping & Directory exercise
- Skills for cooking real bread, preserves and family food.

All welcome - Please come along and tell us what **YOU** would like to get involved in and what is important to **YOU**

Tea & Coffee supplied please bring homemade biscuits & cakes

Saturday 13th Nov at 2-5pm

DealAbility, 43 Victoria Road, Deal CT14 7AY
