

Green Energy Forum

Come along and find out how you can have cheaper and greener energy in your home!

Saturday March 20th 2010

2pm at the

Landmark Centre

129 High Street, Deal CT14 6BB

You will find out what the options are, how much they are likely to cost, what you will save, and also how you can do it all yourself and save even more money!

Steve Plater, researches renewable energy especially solar electricity, and will explain all the options available for domestic use.

Jack Domane, shows how easy it is - Jack has built a DIY solar panels & low-cost heating system for his house in Deal.

Hannah Jones, a representative from 'Eternal Energy', will be on hand with a mobile display unit which will illustrate some solar technology for the home.
